

W e are experts who ensure your label application is going to work!

Ahearn & Soper is your single source for labels, tickets, tags and ribbons. Since we sell, support, and service all sides of the labeling solution (printers/applicators and media), we have in-depth knowledge of the problems that can result from poorly designed supplies. Our in-house label operation provides proper design, consistent quality, excellent customer service and timely delivery - **all with proven results**.

Specializing in manufacturing of labels, tickets and tags designed for use in direct thermal/thermal transfer printers and automatic label applicators, Ahearn & Soper carries a broad range of products specifically engineered to meet the growing demands of your business. We pay close attention to the many label design parameters including face stock coating, liner weight, adhesive release, die-cut precision, feed/exit mechanism requirements and dust particles to make sure our products operate flawlessly with your equipment, in your application.

Look to **Ahearn & Soper** for all your

Sophisticated Labeling Needs

Our In-House Label Shop

Ahearn & Soper specializes in manufacturing labels & tags for labeling equipment such as thermal transfer printers, direct thermal printers and automatic label applicators. Our full service on-site label shop provides you with timely service and quality custom or stock labels specifically designed for your application. We also offer label warehousing on blanket orders.

Standard and specialty labels & tags include:

- CSA | UL Approved Blank Labels
- Abrasion | Heat | Chemical Resistant Labels
- Self-Destructing Labels
- Wash-Down Labels
- Thermal Transfer | Direct Thermal Labels
- Pre-Printed and Sheeted Labels
- Piggy Back Labels
- Specialty Slit | Die-Cut Labels
- Outdoor Durable | Climate Resistant Labels
- Laminated | Varnished Labels

We Make Labels For ...

- Healthcare
- Automotive
- Prime Labeling
- Health & Beauty
- Manufacturing
- Asset Tracking
- Plus Many Other Applications

Thermal Transfer Ribbons

Thermal transfer ribbons are a crucial component of the label solution and must be matched to the label facestock in order to produce consistent, high quality print results. In addition, our ribbons have an anti-static backcoating and high ink sensitivity, which contribute to better image quality at higher speeds and longer printhead life. Ahearn & Soper carries a complete range of ribbons from general purpose wax to special purpose resins for most of the major brands of thermal printers on the market today.

... Call the **Label Experts** TODAY for Custom Labeling!

We Tailor Labels to **Your** Application ...

... **Make your product stand out from the competition** with Ahearn & Soper specialty labels and tags. For those applications when the standard blank labels and tags won't do, we produce custom tags and labels with extras such as 4-colour process images, logos, tinted backgrounds (flood coating), special slits and die cuts, perforations, patterned adhesives, tractor feeds, laminations, timing marks or varnishes. Our highly skilled label staff will assist you in defining your label requirements and then work with you to create custom designed labels/tags to fit your performance requirements and your budget.

We are a **Market Leader** in:

- Synthetic Labels
- Multi-Coloured Labels
- Industrial Labels
- Specialty Custom Labels
- Durable, Long-Lasting Applications
- Tear-Resistant Labels
- Chemical-Resistant Labels
- Comprehensive Service & Support
